Key Contributors

- Alberto Mielgo- Initial concept design and look
- Joshua Beveridge- Character animation
- Danny Dimian- Visual effects

- Pav Grochola- FX supervisor
- Bret St.Clair- Look Development

Can be paused at any time and every part of the frame will be clear or in focus.

Special Techniques Used

- Animating on ones and twos
- Brush Stroke algorithms to generated outlines
- Computer generated brushstrokes using computer vision
- Motion smear instead of motion blur

Underlying methodology: Combine the principles of comic books and art with CG technology and embrace imperfection
